

Church of St. Mary of Bechyn Cemetery Grave/Genealogy Information

Bechyn's own genealogy researches, Ken and Marily Houdek, took it upon themselves to map out the Church of St. Mary of Bechyn's Cemetery several years ago. Because of their respect and love of our ancestors, they spent countless hours identifying and researching the people interred therein. Translating the Czech inscriptions on the stones, Ken and Marily answered years of wondering what information these Czech gravestones held.
